Mr. Heinz Warneke
1063 31st Street, NW
Washington, D. C. 20007

Dear Heinz:

My satisfaction continues to grow about the form our long-held plans have taken to recognize Allen Dulles. I have looked at the bas relief now that it has been put in place and feel that the plaque lends new dignity to the entire main lobby of our building. You have given us a most satisfying expression for the permanent recognition of Allen's devotion to our country. I am confident that the Agency and its guests will feel as I do on Thursday as the bas relief is unveiled.

In addition to the modest fee we paid you for your work, I am enclosing an extra honorarium as recognition in small measure of your thoughtful interest in this commission and as an expression of our warm appreciation for your contribution to this moment.

Cordially,

Richard Helms
